

**PPR Plastic Fitting Double Clip**

Besta is a leading China PPR Plastic Fitting Double Clip manufacturers, suppliers and exporter. We still have our own mould factory, design products and make OEM products for customer.

Product Description

Besta is PPR Plastic Fitting Double Clip manufacturers and suppliers in China who can wholesale PPR Plastic Fitting Double Clip. Ningbo Ouding Building Material Technology Co Ltd was established in 2010, at the beginning, just a mould factory to make pipe fittings mould for export and did some international trade, in 2013, started PPR pipe and fittings production, till now we have more than 200sets moulds to produce full range ppr pipe fittings, ball valves, and some other pipe fittings. We still have our own mould factory, design products and make OEM products for customer. Besta brand PPR fitting adopts imported raw material RA140E or R200P, and well sell in Africa, Middle east ,South America, Asia etc market. PPR clip has many different type, like single clip and double clip, low foot clip and high foot clip, also have metal clip, some clip can connect together also no problem for different size.
